

Give malfunctions the cold shoulder!

With an INNEO Service Contract.

Trust in the best maintenance service provider worldwide!

Problem free and efficient operation are the basic prerequisites for success. You can attain this through a maintenance contract with INNEO. As PTC's only Platinum Partner in the UK and holder of the "Top PTC Maintenance Service Provider Worldwide" award since 2005, we are able to provide maintenance excellence for all your hardware and software needs.

90% of our customers already benefit from the many advantages of an INNEO Service Contract. What about you?

Make sure you can max out the employment of your technology in order to keep your company profitable.

An INNEO Service Contract offers you the following:

- Utilisation of the manufacturer certified English/German speaking hotline via a freephone number throughout Europe (except Liechtenstein)
- Free download of the latest updates
- Request additional CDs free of charge
- 24-7 access to all online service tools such as the INNEO-Helpdesk
- Critical analysis for all software and hardware products from the INNEO product portfolio
- Minimise technical support through uniform release versions in your company
- Unlimited number of support requests

See how satisfied our customers are with INNEO's hotline service:
